

ALZHEIMER ICNIRP

Photo montage: The devious Michael Repacholi presents the two organisations WHO & ICNIRP. WHO should be held to account, ICNIRP dissolved and Repacholi judged. Next-up Organisation.

Is Dr Gary Arendash a "naïve" scientist? Is he aware of the problems with mobile phones?

Alzheimer's: Dr Arendash faced with the dogma of the two black sheep, WHO & ICNIRP

Case study: scientific studies on NIR and interference from Motorola

Physics: non-ionising (NIR) and ionising radiation (IR) are forms of electromagnetic radiation

Therapeutic applications of NIR and IR depend on the wavelength and the dose (intensity/period of irradiation)

In progress
